CHOCOLATE APPLE HALLOWEEN OWL

Set apples upright on a wood board and slice from top to bottom (about 4 slices per apple, 1/2-inch thick).

Remove seeds gently. Then, line a large cookie sheet with aluminum foil.

Push the pointed end of each stick up into the bottom of each apple slice.

In a medium glass bowl, melt chocolate chips in the microwave. Follow the package directions!

Then place bowl with melted chocolate into a larger bowl filled with about 2-inch boiling water (this will help chocolate to not harden). Dip apple slices in chocolate using a spoon to help cover each

slice if your bowl isn't deep enough to cover them. Allow excess chocolate to drip off.

then lay flat on the foil-lined baking sheet. Use the oreos to decorate both the eyes and ears of the apple owl and the candy corn for the nose while chocolate is still wet.

Use a small dot of melted chocolate as a glue for the candy eyeballs.

Place the baking sheet in the fridge for approximately 10-15 minutes, allowing chocolate to harden. If you wish, tie wood stick with a ribbon.

You have BRAINS in your

KIDS NATURE MOBILES

This is one of my favorite projects to do with my children during the fall months. It is a great family day activity. Before taking a nature walk with your family show them some examples of a nature mobile. While on your family fall walk have them pick up and collect the items they feel are beautiful from nature. Once you get home you can work together to create a beautiful piece of art.

Reminders:

Winter break is quickly approaching! December 23th– January 3rd. Registration forms will be available for sign ups shortly. If you choose to email your Registration form in a confirmation email will be sent back once paperwork is processed. Jessica will also do her best to confirm with a phone call.
