### Fall Season Mix

In a large microwave-safe bowl, add 2/3 cup oil, ranch mix, and stir to combine. Add the popcorn, pretzels, nuts, and optional ingredients. Toss to evenly coat the mixture; it may seem a bit on the oily side, this is okay and it absorbs. Next you will need to heat on high power for 2 minutes, stopping after 1 minute to toss the mixture because the oil has a tendency to pool at the bottom. Add the Parmesan and toss to coat evenly and serve! You're ready for a wonderful treat everyone will love!
