### Winter Tree Nature Projects

**Materials:** small twigs, construction paper, white paint, q-tips, glue, and glitter (optional)

**Instructions:** Take a fun little nature walks and collect twigs from and small branches. After the fun of collecting and examining has been had, begin by laying out your wintry tree. Once your tree is the way you would like it to be its time to glue in place. For the final touch on this winter tree use a q-tip to make it snow all around the tree and all over the ground. Add some white glitter and you have it. Your beautiful winter tree!
