

JANUARY

PASTA SNOWFLAKE ORNAMENTS

SUPPLIES

- Uncooked pasta
(Many shapes: rotelle/wagon wheel, shell, penne, pennette, macaroni, fusilli, etc)
- White spray paint
- Ribbon or string
- Parchment paper (or wax paper)
- Glue gun

INSTRUCTIONS

STEP 1: ARRANGE THE PASTA IN A SNOWFLAKE SHAPE

Place parchment or wax paper on your working surface. This will allow you to easily peel the glued snowflake off when you're finished. Arrange the pasta on the parchment paper to make the center of the snowflake. Add more pasta to complete your snowflake design. Remember, snowflakes have 6 points. Once you're happy with your snowflake design, pull the outside pieces away from the center.

STEP 2: GLUE THE PASTA TOGETHER.

Start using hot glue to assemble your snowflake. I would glue from the inside of your snowflake shape to the outside

STEP 3: SPRAY PAINT THE PASTA SNOWFLAKE

Once the glue has completely hardened, spray paint the pasta snowflake white. Add one coat of paint to each side of the snowflake. Allow to dry and add another coat if necessary. Add a length of ribbon or string and knot it in place to hang the pasta snowflake as an ornament. Your pasta snowflake is complete!

HELPFUL TIPS:

- If you're making these pasta snowflakes with younger kids, stick to simple shapes and larger types of pasta. The more complex ornaments can be fragile!
- Reinforce the more delicate noodles with extra hot glue on the back of the ornament.

DATES TO REMEMBER

DEC 23RD-JAN 4TH: WINTER BREAK (NO SCHOOL)

JAN 1ST: HAPPY NEW YEAR'S DAY (ADVENTURE CAMP CLOSED ALL DAY)

JAN 8TH: WORLD LITERACY DAY

JAN 15TH: WORLD HUMANITARIAN DAY
